## 高科技燕窩 21世紀新趨勢

智慧型科技時代·您跟上了嗎? 天天可吃的-高科技專利  
燕窩萃取精華·頂級智慧型保健品·安全高效易食用!  
每日都能由內而外持續養護健康活力·青春美麗·精氣神十足!!

## 市場上的燕窩

燕窩是一種昂貴保健食品·不法商人試圖把他們產品摻染增加重量以圖利潤。自然燕窩原料含有少量的亞硝酸鹽·來源於鳥的糞便和環境。在傳統的加工過程中·漂白劑和化學品常常被使用·因此亞硝酸鹽也存在于處理過的燕窩·但許多市場上的燕窩若無更安全的方式根除漂白劑·微生物和亞硝酸鹽·有些在加工後可能含更超量範圍。

燕鹿素使用-世界生物奈米泡沫技術: 吸附極強的奈米泡沫·不需化學漂白劑·可深入最精微處理各項污染。  
極安全的高科技處理方法·即可分解燕窩所有複雜污染:  
糞便·羽毛·微生物·化學·重金屬·亞硝酸鹽!

## 燕鹿素Plus的好處

## 燕鹿素Plus黃金比例

### 燕窩精華 200mg(50:1)

• 本產品燕窩精華來自東南亞·經過新加坡嚴格標準化·更運用世界最新進生物科技·提取過程安全·高效。新加坡首創燕窩萃取及處理技術並榮獲世界多國獨家專利·是提升健康益處·滋補·美顏·極致保養首選。  
• 燕窩營養素包含 ▶ 胺基酸 ▶ 抗氧化劑 ▶ Omega-6 ▶ 礦物質 ▶ 糖蛋白質(多醣體) ▶ 唾液酸 ▶ 營養物質

### 琉璃苣油 200mg

• 琉璃苣油含有GLA (γ-亞麻油酸)·是一種多元不飽和脂肪酸·結構上屬於特殊的Omega-6系列之必需脂肪酸。人體自行製造GLA的效率極低·須從食物中攝取(存在于少數植物中)·有助於調整體質·尤其對於女性調節生理機能·更有著重要的補助角色。

### 角鯊烯(來自鯊魚肝油) 200mg

• 是三萜類物質·富含于鯊魚肝油中(也含維生素A·D)·以蒸餾方式·高親和性與吸收利用率·成人體內角鯊烯不斷減少·補充可促進新陳代謝·美顏美容·可增強體力·也適用病後補養者。(鯊魚能生活于深不見光·氧氣極低的深海中·可見其生存優勢。)

### 酪梨油 100mg

• 酪梨油含維生素E·單元不飽和脂肪酸·植物固醇·在飲食中可補充此健康油脂讓人看起來更加神采奕奕。

### 鹿胎盤 200mg(20:1)

• 本產品鹿胎盤選自于新西蘭鹿群·以天然小麥草和干淨無污染的泉水飼養成長。燕鹿素對於體質調整與健康維護·以及促進新陳代謝皆有幫助·並有助於滋補強身·增強體力!

### 蚕丝蛋白 50mg

• 蚕丝蛋白是一種絲蛋白·由多種胺基酸所構成·其中也含有人體必需的胺基酸·經過水解技術後分子小易于吸收·可說是建造身體的基石之一·對於注重美顏與健康者是良好的補充品。還可幫助入睡·增強運動表現等助益。

### β胡蘿蔔素10% 50mg

• 是維生素A的前驅物·當人體需要時藉由正常酵素作用轉化成VitA·維生素A有助於維持在暗處的視覺·增進皮膚與黏膜的健康·幫助牙齒和骨骼的發育與生長。

### 紅藻粉(雨生紅球藻) 15mg

• 可減少因為年歲增長造成的痕跡·促進新陳代謝·提供活潑精彩的感受。為大自然蝦紅素(蝦青素-藻紅素)豐富來源·是藻類展現強烈的生命力優勢·現代科學界發現極富營養價值。

The future trend of the 21st century  
Harnessing the benefits of bird's nest and deer placenta

Bird's Nest Extract and Extraction Processing Technology

Patent number: 11201807669V

Leading the industry with exclusive patent around the world

## High-Tech Edible Bird's Nest the new trend of the 21st century!

Are you on board with smart tech? Our patented Bird's Nest extract is a top-tier, intelligent health supplement that's safe, effective, and easy to take. Nourish your body, stay vibrant, look youthful, and feel energized - Every Day!

### Edible Bird's Nest: A Market Overview

Bird's nest is a pricey health food, and some unscrupulous merchants attempt to adulterate their products to boost weight and profits. Even natural bird's nest contains small amounts of nitrites due to bird droppings and environmental factors. Traditional processing methods often involve bleaching agents and chemicals, which can leave behind nitrites and other contaminants. Without proper removal methods, many commercial bird's nests may contain excessive levels of these substances.

Our patented advanced bio-nanotechnology utilizes powerful nano-foam that can deeply penetrate and remove pollutants without chemical bleaching agents. This safe and advanced processing method effectively breaks down complex contaminants in bird's nest, including feces, feathers, microorganisms, chemicals, heavy metals, and nitrites.

### Deer de Yan Plus Benefits

Infused with potent ingredients that revitalize youthfulness, Deer de Yan Plus helps tap into the fountain of life's vitality. This premium supplement is tailored for both men and women, featuring a blend of beauty and wellness formulas that promote a balanced physique, regulate physiological functions, boost energy, and enhance metabolism.

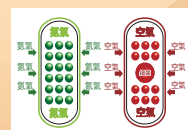

### 4 State-of-the-Art Technology

allows live cells to maintain biological activities for 3 to 4 years.

**NANO EMULSIFICATION**  
Techniques allows large molecules to be fully absorbed.

**NITROGEN LIVE CAPSULE TECH**  
inhibits oxygen during the process of capsulation to prevent oxidation and deterioration.

**ENTERIC COATING TECHNOLOGY**  
allows capsule to be resistance against gastric acid and improve absorption rate.

## Deer de Yan Plus Golden Ratio

### BIRD'S NEST EXTRACT 200mg(50:1)

- Our premium bird's nest extract originates from Southeast Asia and is rigorously standardized in Singapore using cutting-edge biotechnology for safe and efficient processing.
- Key Nutrients in Bird's Nest
  - Amino Acids ➤ Antioxidants ➤ Omega-6 Fatty Acids
  - Essential Minerals ➤ Glycoproteins (Polysaccharides)
  - Sialic Acid ➤ Vital Nutrients

### BORAGE OIL 200mg

- Borage oil contains GLA (γ-linolenic acid), which is a polyunsaturated fatty acid and structurally belongs to a special Omega-6 series of essential fatty acids.

### SQUALENE 200mg

- Squalene is a triterpenoid compound which also contains vitamins A and D. As our bodies naturally produce less squalene with age, supplementation can help boost metabolism, support beauty and vitality.

### AVOCADO OIL 100mg

- Avocado oil is a nutrient-rich oil containing vitamin E, monounsaturated fatty acids, and plant sterols. Incorporating it into your diet can provide essential healthy fats.

### DEER PLACENTA 200mg(20:1)

- Our deer placenta is sourced from New Zealand deer that are raised on a diet of natural wheatgrass and clean spring water, ensuring a pure and uncontaminated product.

### SILK AMINO ACID 50mg

- Silk protein is a rich source of amino acids, including essential ones that the body can't produce on its own. Through hydrolysis, the protein is broken down into smaller molecules, making it easily absorbed and utilized by the body.

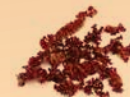

### BETA CAROTENE 10% 50mg

- This is a precursor to Vitamin A, which converts to Vit A in the body as needed through enzymatic action. Vitamin A plays a crucial role in supporting low-light vision, maintaining healthy skin and mucous membranes, and promoting the development and growth of teeth and bones.

### ASTAXANTHIN 15mg

- Astaxanthin, derived from algae, is a potent source of nutrition that highlights the remarkable vitality of algae.

SGS certification ensures the most stringent control over products quality.
